### JAUREZ CITIZENS CELEBRATE FALL

Announcement of Occupation Is  
Accompanied By Public Dem-  
onstration of Approval

### FOREIGNERS ARE SAFE

Consul Stewart Reports All  
Members of Foreign Colony  
Are Well Treated

El Paso, Texas, May 3.—Juarez tonight is in the hands of the Sonora revolutionists. The revolution was peaceful and its announcement by General J. Gonzalez Escobar was accompanied by a popular celebration. The Oregon Junta from El Paso passed to Juarez tonight.

A telegram from Consul J. B. Stewart in Chihuahua, city to American Consul Dow in Juarez, sent by way of Douglas, Arizona, said that the district around the state capital is quiet and all Americans are safe. The telegram added that Parral and Cuernavaca, two important mining towns, are in the hands of the rebels. Americans here are safe and operations of mines and smelters were not interrupted when the change of government occurred, Mr. Stewart said.

### Foreigners in No Danger

Military men in the mining districts controlled by the rebels have announced that foreigners will be permitted to continue there and will be given complete protection. All foreigners resident there are being treated with consideration, Mr. Stewart said.

It was announced in Juarez this afternoon that some of the Mexican federal customs officials have been arrested by the revolutionists now in control of the city. Money and paper possessions of those officials were seized, it was said. Mayor J. Trinidad Amaro and Chief of Police Antonio Salas were declared to be virtually prisoners, although they are being allowed the freedom of the city.

Two trains loaded with rebel troops were scheduled to reach Juarez tonight.

Juarez late today was quiet except for a lone band playing and a few men following it shouting "Viva Dragon."

Shops have been closed. Although the border was closed to traffic for a few days, Americans are again being permitted to cross to Juarez, although they are not advised to do so.

### Control Largest State

Arpa, Pinar, Sonora, Mexico, May 3.—(The Associated Press.) The revolt of Juarez against the Carranza government of Mexico today gave the revolutionists control of the largest state in the republic of Mexico.

Only one small Carranza garrison in Chihuahua that of Casas Grandes, near the Sonora boundary, remains loyal to the central government, according to a statement tonight by General P. Elias Calles, commander in chief of the revolutionary army in the northwest.

The movement of revolutionists against Casas Grandes, already has been reported by General Calles said.

The fall of Juarez has been expected for days at military headquarters here. Embassies from Sonora have been sent to El Paso to confer with federal officials for turning the town over to the revolutionists.

### South Orderly Occupation

According to General Calles, the city was occupied by the desire to have the revolt of Carranza troops completely take the city without fighting.

"We did this to avoid any complications," the United States authorities are said. "We feared that in a fight the city might fall into American hands."

More than half the length of the international boundary between the United States and Mexico now is held by the revolutionists, he said, and continues to be held through which the United States has the entire international boundary in their hands. The Carranza's only communication with the outside world would be by the Pacific.

Rebel troops under General M. A. G. Calles, numbering about 15,000 men, entered the city from the east from the mountains from Mexico and then driven out by advanced forces of General Obregon, commander of the president of Mexico who is in the south, according to reports received here today.

General Obregon himself is reported to be at Chihuahua, Mexico, with the main body of his troops, preparing for a concerted drive upon the

### Calles Mobilizing Army To Attack Mexico City

El Paso, Texas, May 3.—General P. Elias Calles is mobilizing 6,000 soldiers in Sonora, with which he will march through Pulpito Pass into the Sierra Maderas and into Chihuahua. After coming to Juarez with his column, he will proceed south to Chihuahua City, then to Torreon and from there will march on Mexico City. This was announced here late tonight by Arturo H. Elias, brother of General Calles.

### THUGS ATTEMPT LIFE OF CAPTAIN CONTENT

Overseas Veteran Who Prosecuted  
Berkman and Goldman  
Fired on from Ambush

New York, May 3.—An attempt to assassinate Captain Harold Content, former assistant United States attorney, who prosecuted Alexander Berkman and Emma Goldman, deported anarchists, was made last Saturday night, it became known tonight. Four shots were fired at him from the shelter of a work bridge in front of a building in the course of construction as he neared his home at Park avenue and 53rd street.

None of the shots took effect and the two men who fired them escaped before aid could arrive. Captain Content, who served with the 29th division in France, is lame from wounds received in action and could not stop his assailants.

Captain Content declared he had received a threatening letter from an anarchist last Friday and that he had some idea as to whom his assailants might be.

### POLES HAVE NOT TAKEN KIEV

Capture of Important Points Near  
City Are Reported in Dis-  
patches, However

Warsaw, May 3.—(1 p. m. The Associated Press.)—Kiev is not mentioned in the latest official communication issued by the war office today, but it announces the capture by the Poles of the railroad junction 60 kilometers southwest of Kiev.

The communication asserts that fierce fighting continues along the entire front from the Pripiet to the Dniester river, and that 25,000 men have been captured since the Polish drive began and that still further prisoners have been taken but have not been counted.

It is added that 120 cannon, 50 machine guns and three complete radio stations have been captured by the Poles.

London, May 4.—The announcement by the newspapers in Warsaw that the Poles have occupied Kiev is unfounded, says a dispatch to the London Times from Warsaw.

The Poles, however, have taken Faszov (about 40 miles southwest of Kiev on the railroad) and are continuing to advance, the dispatch adds.

### COLLAPSING WALLS KILL TWO

Deterioration of Burlington, Vermont,  
Toy Factory Thought Responsible  
for Catastrophe

Burlington, Vt., May 3.—The floors and walls of a building occupied by the W. C. Hoag toy factory collapsed today, one of the walls killing a man and a boy.

The accident happened during the noon hour so that most of the 50 employees were out. Deterioration of the building was believed to have caused the collapse. The dead are Thomas J. Shanley, an insurance agent, and Philip K. Moriarty, 12 years old.

Shanley and the Moriarty boy were standing near the west wall after the third wall had fallen in.

Juarez, Mexico, May 3.—General Ubaldo, enemy of Obregon and commander of the federal troops at Casas Grandes arrived in Juarez tonight at 9 o'clock and immediately went into conference with General J. G. Escobar, commander of the Juarez garrison. Obregonistas here earlier in the evening expressed the fear that Ubaldo's hatred for Obregon might cause him to attack Juarez with his Indian troops.

### REPORT SLAYING NEAR MEXICO CITY

Additional Warship Protection  
At Points on East Coast Is  
Sought From Washington

### OBREGON GIVES PLEDGE

Will Protect Foreign Lives and  
Interests If Elected to Presi-  
dency, He Says

Washington, May 3.—The murder of two more Americans in Mexico, reported today to the state department, accentuated the concern with which officials here are watching developments beyond the border. There was nothing, however, to indicate to what extent the attitude of the Washington government toward the Sonora revolutionary movement might be affected by the fact that the incidents occurring in Carranza controlled territory.

Requests for additional warship protection at points on the east coast of Mexico already have been forwarded to the navy by the state department. While this had no relation to the latest murders, it was said to indicate the view of officials as to the unsettled condition prevailing in that region, nominally at least, still held by Carranza forces. On the border, the reported closure of the port of Juarez was interpreted as indicating detection of the federal garrison under General Escobar to the rebel cause. Loss of this entry port, officials said, would be a serious blow to the Carranza because of its revenue producing capacity. They believe complete rebel control of the state of Chihuahua would be the logical result.

The murder of Eben Francis Greenlaw and his young son by Mexicans near El Oro, only 125 miles from Mexico City, brought from the American embassy in Mexico City a prompt and emphatic demand that the Mexican government arrest and punish the murderers. The American government contends that the Carranza authorities were responsible for the protection of the Greenlaws because of the presence of Mexican troops in the immediate vicinity.

The date of the sailing of the fleet of destroyers to Mexican waters was not made public, but the belief was expressed that they would be sent at once.

Destroyers will be stationed at Tampico, Tuxpan, Vera Cruz and Fronteras, ready to take off any Americans who may be in danger either from the Mexican federal authorities or rebels. The state department specifically stated that these vessels were not to take any part in the struggles between factions in Mexico, but were asked solely to provide a haven in case of need.

Reports were received here today of conference attended by representatives of Obregon, Villa, Manuel Pelaez and Felix Diaz, which indicated that definite coordination between the various factions was being arranged. Official information showed that the revolution had been planned for several months. Unofficial advices from Mexico City indicate that the censorship is being exercised more sharply than ever and that newspapers are not permitted to print any news of the rebel activities in the northern part of the country.

General Obregon has pledged himself to protect foreign lives and interests if elected to the presidency, a consular agent here also included in his platform a declaration in favor of renewals of foreign investments in Mexico. He accused President Carranza of violating the constitution in assuming dictatorial powers and of having injured Mexico through adoption of a policy calculated to drive out foreign capital.

### Blames American Policy

Washington, May 3.—Nelson O'Shaughnessy, charge d'affaires of the American embassy at Mexico City during the presidency of Madero and the dictatorship of Victoriano Huerta, testified today before the Senate Mexican investigating committee that conditions in Mexico were the natural result of American policy.

Mr. O'Shaughnessy said he understood from John Lind, special representative of President Wilson in Mexico, that it was the object of the United States to overthrow Huerta and set up the revolutionists.

"I think that policy was fundamentally wrong," he added. "Our paramount duty in foreign countries is to look after our own interests, the life and property of our citizens, not to interfere with its internal politics, by aiding revolution or otherwise. I've never known another instance when

### WOOD LEADS JOHNSON IN MARYLAND VOTING

Indiana and California Voters  
Today Will Express Their  
Presidential Choice

Baltimore, Md., May 3.—Returns received up to 11:30 o'clock tonight from today's preferential Presidential primary in Maryland showed that Major General Leonard Wood had carried 19 out of the 23 counties and Baltimore city, giving him an ample majority of the delegates to the state convention, who in turn will elect 16 delegates to the Republican National convention.

Indianapolis, Ind., May 3.—Indiana voters tomorrow will express their preference of candidates for President, governor and other public offices and will elect delegates to the state convention of both the Republican and Democratic parties.

San Francisco, Cal., May 3.—California electors at a Presidential primary election tomorrow will register their choice for delegate to the Republican, Democratic and Prohibition party national conventions.

Interest in the election centers almost entirely in the Republican contest between rival groups of delegates pledged to the candidates of Senator Hiram W. Johnson and Herbert C. Hoover. Vigorous campaigns in behalf of each group closed tonight with leaders expressing confidence in tomorrow's outcome.

Helena, Mont., May 3.—Official returns from last week's primaries in 23 of the 29 Montana counties show that Senator Hiram W. Johnson received 16,153 votes for nomination as Republican candidate for President. In these returns Governor Lowden received 3,519; Major General Wood 2,472; Herbert Hoover 2,444; and Senator Warren C. Harding 396.

### STREET RAILWAY STRIKE WANES

Union Considering: Utica Strikers  
Stand Pat

Syracuse, May 3.—Syracuse employees of the New York State railways, who went on strike Sunday morning to enforce demands for increased pay and an eight-hour day, met tonight and after hearing of the decision of the Rochester employees to return to work, adjourned to meet again at 2 o'clock tomorrow afternoon. Meantime, Syracuse will continue to be without trolley service.

### AUTO VICTIM LATER ROBBED

Coroner Finds George H. Weaver's  
Pocketbook Near Scene of Wrecked  
Motor Car

Mount Vernon, May 3.—Evidence tending to show that George H. Weaver, vice president of the Remington Typewriter company, killed early yesterday in an automobile accident on the White Plains road, was robbed after the accident was found today by Coroner George Engle, who is investigating Weaver's death.

The coroner said he had found the dead man's pocketbook, with no money in it, about a half mile from the wreckage. The wallet contained only a few business cards.

Coroner Engle said he was also seeking the whereabouts of a young woman who is said to have dined with Weaver at an road house late Saturday night. An effort will be made, he said, to ascertain whether the entered Weaver's car after they had finished their meal.

### DIG FIRE AT BEAVER FALLS

Levittown, May 3.—Fire today caused damage of approximately \$100,000 at the Bore board plant of the J. P. Lewis company, Beaver Falls. Two of the company's buildings were destroyed. The loss is partly covered by insurance.

The United States departed from the proper standards. The chaotic state of Mexico today is the inevitable result of the policy that was tried."

"Huerta said that if Carranza ever got to power, he would immediately turn against the United States," Mr. O'Shaughnessy asserted. "I was sure of this, and so informed the state department many times. It is now demonstrated to be a fact, and is public property."

Strong action by the United States will now be necessary to re-establish any protection for Americans in the country," O'Shaughnessy said, "because when they have learned that they can kill Americans and have nothing more than verbal protests against them, they will be deterred from doing it."

### TEIPER IS FREED BY JURY VERDICT

Public Demonstration Approves  
Jurors' Decision Though Dis-  
trict Attorney Objects

### NO OTHER INDICTMENTS

Teiper Immediately Joins His  
Family From Whom He Has  
Been Separated Four Years

Buffalo, May 3.—The acquittal today of John Edward Teiper on a charge of having murdered his mother, Mrs. Agnes M. Teiper, was followed by a controversy between District Attorney Jay V. Moore and Roscoe H. Mitchell of Teiper's counsel.

District Attorney Moore was disappointed with the verdict of not guilty. He issued a statement in which he said that social unrest and Bolshevism may be expected to grow, "if, on the evidence in this case, courts and juries will allow the wealthy and powerful to go free." He added that all the circumstances of the case, if known, would prove sensational.

Attorney Mitchell replied to the prosecutor with a statement, which read:

"We are in complete ignorance as to what is meant by the district attorney when he says, 'if the facts were known in the case.' If Mr. Moore has anything to lay his cards on the table, that is what he is in office for."

District Attorney Moore refused to add to his statement or to reply to Mr. Mitchell.

However, convincing the case against Teiper may have seemed to the prosecution, the verdict of acquittal was popular if the demonstrations by the crowd in the court room and outside city hall, reflected general sentiment. The cheering that greeted the words "Not Guilty" lasted for more than a minute. Old court attendants said it was the most remarkable scene they had ever witnessed in a Buffalo court room. There was more cheering when Teiper, accompanied by his wife, walked down the steps of city hall to a waiting automobile, which was to take them home to their three children, from whom Teiper had been separated for four years.

Another development in the case today was the last minute discovery that the archives in the district attorney's office contained no additional indictment against Teiper.

### BANKS ON 'PAR LIST' AGAINST THEIR WILL

Seventy Per Cent of First 1,000  
Questioned Protest Against  
Such Status

Washington, May 3.—Seventy-seven percent of the first 1,000 banks replying to a questionnaire sent out by the National and State Bankers' Protective association, declared they were on the federal reserve board's "par list" unwillingly, L. R. Adams, secretary of the association, told the members at a meeting here today. Out of the same number, he added, 55 percent expressed themselves as favoring complete elimination of clearing house functions of the federal reserve banks.

The association is holding a special session for the avowed purpose of combating the federal reserve board's effort to enforce the par clearance of out of town checks on members and non-members alike. As a secondary object, officials of the organization said, the meeting would formulate plans for supporting a resolution in congress to investigate the entire reserve system as it is now operated.

### SIMPKIN, DR. MARKOE'S SLAYER IS SENT TO MATTEWAN ASYLUM

New York, May 3.—Thomas W. Simpkin, the itinerant printer who shot and killed Dr. James Wright Markoe, one of New York's distinguished surgeons, as he was passing the collection plate in fashionable St. George's church here a fortnight ago, today was committed to the state asylum for the criminally insane at Matteawan, N. Y.

The action followed the report earlier in the day of the commission in Albany, which investigated Simpkin's condition, that the man was insane at the time of the shooting and now was incapable of defending himself against indictments for murder and assault.

### POINDEXTER QUILTS RACE

Syracuse, May 3.—Sara A. Poinxter, deputy secretary of state, today telegraphed the Oregon county clerk to remove the name of Senator Nils Poinxter from the ballot as a Republican aspirant for the presidential nomination. Affidavit of withdrawal had been received by Koser, named by Senator Poinxter personally, giving as a reason for his withdrawal that important legislation pending in congress necessitated his presence at the capital and makes it impossible for him to conduct a campaign in Oregon.

### Makes Aliens Grasp Flag While Vowing Allegiance

New York, May 3.—Aliens seeking to become citizens at a special term of the supreme court which began today were directed by Justice William C. Barr to grasp the staff of the Stars and Stripes and swear allegiance to the flag. In the past the oath had been administered with the applicant merely raising his right hand.

### FIFTY-ONE LIVES LOST IN OKLAHOMA TORNADO

Peggs, Cherokee County, Is Vir-  
tually Obliterated By Severe  
Wind Storm

Muskogee, Okla., May 3.—The death toll from the tornado at Peggs, Cherokee county, reached 51 at 6 o'clock tonight, according to a telephone message from Locust Grove. There are seven persons unaccounted for, with about 100 injured. A special train bearing the injured was dispatched to Muskogee.

Many of the injured are seriously hurt, the report said. No estimate of the property loss was available.

Relief parties from Tahlequah, 15 miles from Peggs, and the nearest railroad town, and from other points, searched all day in the mud entangled wreckage for victims of the storm. The relief parties included many nurses and physicians who had seen service in France during the war.

The first trainload of injured, numbering between 30 and 40, arrived at Muskogee tonight. Other trains loaded with injured were to be sent to Tahlequah and Vinlia.

Wire communications with the storm swept area had not been re-established tonight, being relayed by messenger to nearby towns where it was sent out by telephone.

### FAILURE OF STRIKE IN FRANCE FORESEEN

Employees Are Optimistic, Though  
Operators Declare Walkout  
to Be a Failure

Paris, May 3.—The situation at the railroad stations created by the strike of railway employees was much improved this evening, especially at the St. Lazare station, and the current opinion expressed was that the strike would prove a failure. The Harve train, bearing many prospective American passengers to the steamer LaFrance, whose sailing was indefinitely postponed this morning, left at 5 o'clock this evening.

The optimistic feeling prevailing around official government quarters and the ministers of public works and interior was quite different from the anxious pessimistic appearance of the railroad men's headquarters. An official statement issued by the railroad men, however, asserted that the development of the strike surpasses the February movement and exceeds our hopes.

### "ONE NIGHT IN ROME" SUCCESS

Separate Curtain Calls For Each Mem-  
ber of Cast Are Made by London  
Theatregoers

London, May 3.—An enthusiastic audience packed every corner of the Garrick theatre tonight for the postponed performance of "One Night in Rome" which, when it was presented in London for the first time last Thursday night was broken up by a gallery demonstration. At the close of the first act, when each member of the company took a separate curtain call, Miss Laurette Taylor, the star, was given an ovation.

The performance went with the utmost smoothness and there was no sign of anything but good will. The large number of prominent persons present included Ambassador Llewellyn and Mrs. Davis, whose box was draped with the Anglo-American colors.

### MARSHALL HENINGWAY DR.

Troy, May 3.—Marshall F. Henningway, for many years connected with the newspapers of this city, and prominent in the Masonic order and the Knights of Macabees, died in his residence after a brief illness this afternoon. He was associated with the Sunday Budget as city editor and assistant manager for years, retiring to assume a position as organizer for the Macabees. At the time of his death he was grand recorder of the grand-council of Masonry of New York state. He was an honorary D.D. degree Mason. He was great trustee of the Great Camp of Macabees.

### NEED MORE FARM LOANS

Washington, May 3.—Farm loan bank officials, meeting here today, agreed that expansion of the agricultural industry was daily being retarded through inability of the system to make further advances to farmers. While the country awaits a hearing of the suit testing the constitutionality of the act under which the system operates, it was stated that thousands of farmers were compelled to forego plans for extension or expansion of crop planting plans.

### ALLEGED PRINTERS HAVE CENSORSHIP

Buffalo Commercial's General  
Manager Prefers Charges  
Against I. T. U.

### CHARGES ARE REFUTED

"Absolutely Untrue," Says Wal-  
ter F. Barrett, Vice-President  
of Union, of Accusation

Washington, May 3.—The charges that the International Typographical union exercised a censorship over part of the American press, as reported by the Buffalo Commercial, after putting the story in type, was forced to change it under pressure from the union chapel. The witness said that the Commercial and the New York Times were the only papers in the eastern section of the country that printed the Gary criticism of organized labor as given to the committee.

Called upon for a specific instance in support of his charges, Mr. McCone declared that only four newspapers printed last October certain parts of Elbert H. Gary's testimony before the senate steel investigating committee, and that the Buffalo News, after putting the story in type, was forced to change it under pressure from the union chapel. The witness said that the Commercial and the New York Times were the only papers in the eastern section of the country that printed the Gary criticism of organized labor as given to the committee.

Only Four Papers Free.

Although the witness stated that only four newspapers were free of union censorship, he did not give the names nor did members of the committee ask for them.

Mr. McCone charged that the union through exercise of censorship by the shop chapel, kept articles unfavorable to organized labor out of most papers. Before he had injected a new feature into the hearing, Senator Reed's proposal to tax newspapers issuing more than a stipulated number of pages was discussed, commended and condemned. Jason Rogers, publisher of the New York Globe, approved it, with the added suggestion that all advertisements over a maximum size be taxed. This, he thought, would keep down the size of paper and save enough newspaper to end the present shortage.

### Deny Censorship Charges

Indianapolis, Ind., May 3.—Charges that the International Typographical union exercised a censorship over the news columns of all except four newspapers of the country were declared to be absolutely untrue, by Walter F. Barrett, vice president of that organization, here today.

Mr. Barrett declared there was no basis for such a statement, which was made by E. J. McCone of the Buffalo Commercial, testifying before the senate newspaper paper investigating committee. The union, he said, never has supported any such action and never will.

### Always Supports Publishers

"There have been a few attempts in newspaper offices of shop chapels to exercise a censorship in keeping out of print stories unfavorable to organized labor," Mr. Barrett said, "but in every instance the Typographical union has supported the publishers."

Mr. Barrett said the officials of the union knew nothing of a censorship being exercised in the offices of the Buffalo News when Judge Elbert Gary of the United States Steel corporation testified before a senate investigating committee regarding the principle of freedom of contract.

Mr. McCone has been at loggerheads with the Typographical union for a year or more, Mr. Barrett said, because the union "wouldn't grant Mr. McCone certain concessions." The union always has believed in non-interference with what is printed in the press and always will maintain that stand," he said.

### YOUNG BOXER DIES DURING CLUB BOUT

Blows Were Struck and Body

Sille was acting as Saxon's sparring partner. The latter being scheduled to appear in a boxing bout with Tommy Light. Both were employed in a fruit store in the town here and came from there with their father's day to Acorn Athletic club.

### AGAINST BANK ROBBERS

Washington, May 3.—Senator George's bill to make the robbery of federal reserve or member banks a federal as well as a state crime was reported favorably today by the senate judiciary committee. It provides penalties of from two to ten years and \$2,000 fines with 25 years for second offenses.

## STOCK ISSUES RALLY AS MONEY RATES EASE

## The Professional Interests Again Force Further Liquidation of Speculative Accounts

New York, May 3. — Stocks were moderately active and strong at the opening of today's broad market and extensive speculation during the mid session, but rallied vigorously in the afternoon toward the end, when money rates eased perceptibly.

There was further liquidation of speculative accounts, especially in high priced specialties, but a very large proportion of the day's offerings was originated from professional sources, according to heard room gossip.

Contraction of credits was in evidence, and it does not apply to all money, but it was even before the day's liquidation. The opening rate of 100 per cent on some loans being made near that rate at the close. Rumors of a possible advance of the local discount rate proved to be unfounded, but greater firmness was shown by the market for mercantile paper.

The market was slow to respond to the decision of the supreme court denying the petition of the government for a re-opening of the United States steel case, but the entire list strengthened when buying of bonds and equities became too insistent to be ignored. U. S. Steel closed unchanged, but several of the independent stocks of that division made substantial gains with petroleum.

Three of the Liberty issues, the 3 1/2's first 4's and third 4's, established still lower quotations and the entire bond market was inclined to ease. On call the old U. S. 2 1/2's over-half and the 4's one-quarter others showing no change.

Large crowds who saw this production yesterday marveled at its bigness of theme and the wonderful acting of Bert Lytell. We advise you not to let this day slip by without making an effort toward seeing this super-feature.

"Show me a sign from Heaven—give me a real proof of your God!" had been the challenge of Charley Steele.

Then the tailor of Chaudiere, in his simple fanaticism, sought to brand proof upon the young man as he slept—with a little cross, heated white-hot.

## MAXWELL

is built of special steels

There are few "stock" steels in a Maxwell. Nearly all the steels are special, made to Maxwell's own formulae, and developed in the Maxwell laboratories.

All the experience gained from the building of nearly 400,000 Maxwells, and the study of their use in nearly every country of the world, has been put into these special steels.

They made it possible to build the Maxwell lighter

in weight and to increase its strength.

Superfluous pounds thus eliminated from the chassis have resulted in increased ability in performance.

At the same time more endurance has been developed.

Thus it becomes obvious why Maxwell has climbed very rapidly into favor the world over.

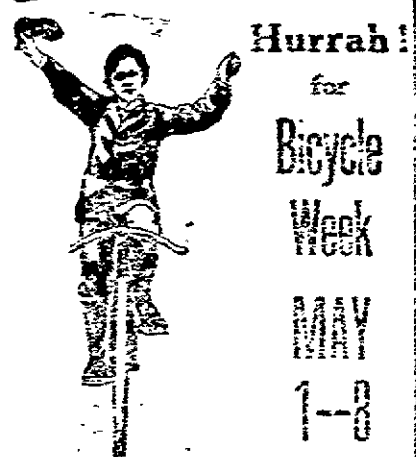

Nearly 400,000 are now in use; and 100,000 more are being built this year.

A few more orders will be accepted at the present price.

**Judge Huntington Imposes Heavy Sentence on Harry Eckert for Reckless Driving.**

Harry Eckert, a fireman employed by the Delaware and Hudson company, and residing in this city, was apprehended at 7 p. m. yesterday on a charge of reckless driving and exceeding the speed limit, and was arraigned before City Judge Huntington, who imposed a sentence of \$50.

The complaint in the case was sworn out by George M. Baird, who was a witness to the occurrence.

It appears that at about 10:30 o'clock on Friday night, Eckert was driving a car owned by another resident of the city. Mr. Baird was also on Chestnut street at the time and was driving east up the incline between the overall factory and the residence of M. J. Platt. A trolley car was going west at the same time and Mr. Baird turned out to pass a truck, for which there was ample room. As he did so, the car driven by Eckert also turned out and at a speed estimated at 40 miles an hour undertook to pass between the Baird car and the trolley. Mr. Baird, seeing that a collision was imminent, ran his own car over on the sidewalk and Eckert passed between it and the trolley, barely touching the Baird car, but striking the trolley step with such force as to tear it entirely off.

After passing the trolley, Eckert did not stop to ascertain the extent of the injury done nor did he report to the police, but at good speed, proceeded east, going up West street and over High, being stopped at the corner of the latter street and Harmon avenue by Mr. Baird, who had followed him. Mr. Baird secured his name and the car number and directed that he appear at the police court the next morning. This he did not do, and his arrest and subsequent fine followed.

Mr. Baird, in an interview, stated his determination to put a stop to reckless driving on the streets of Oneonta, in which he properly asserts that he should have the co-operation of every right-minded citizen. In the present instance, he believes that three other charges might have been laid against Eckert for running away from the scene of the accident, for not reporting to the chief of police and for running another's car without a chauffeur's license.

Though the season is early, there have been numerous instances of reckless and rapid driving on the streets of Oneonta. If these are to continue, accidents are certain to follow, and the present is the time to prevent them. Every citizen should specially interest himself in the matter, to the end that other drivers and pedestrians and in particular young children are not endangered. It is a duty which is owed by every man, not only to himself, but to the community.

**George Irving Reynolds Takes Title to Block for Bookstore Home.**

George Irving Reynolds, proprietor of the bookstore conducted since the death of his father under the firm name of Geo. Reynolds & Son, at the corner of Main and Chestnut streets, has taken title to the block in which the business has been located since it was established, the title coming from the estate of his mother, Mrs. Emma Reynolds.

Mr. Reynolds, in common with other business men, has been desirous of having a permanent home for his retail store, and the acquisition of the block assures the continuance of the business therein so long as it is desired for the purpose. No change in tenants is anticipated as a result of the transfer of title.

**Small Arms Practice of Company G.**

Captain F. M. H. Jackson received a message yesterday stating that orders were being issued for the annual small arms practice of Company G on May 19 and 20. Notwithstanding the fact that the early date will allow little preliminary practice, it is hoped that a high figure of merit may be obtained. Practice has been kept up during the winter on the armory range, and the marksmanship shows great benefit from the winter's work.

The company last year won second place in the Third brigade, and a great effort will be made to better the mark for this season.

Well, I'm doing my best to correct it and if you'll get in with my big bunch of people who are fast making a handsome \$10 each month roll up to \$2,000.00 at six per cent compound interest, you'll not only benefit yourself but aid in keeping trouble from our good Uncle Sam, who is helping me. Yes, and you'll see how much better it is for you than sending money out of town at four per cent. I have three ways of safely placing small or large amounts. Write or call on me. ## MARYLAND IS SADDENED.

Death of Mrs. Charles Hamm Comes as Shock to the Community.

Oneonta, May 3. — The death of Mrs. Charles Hamm, aged 62, which was briefly noted in Monday's Star, came as a profound shock to this community, she passing away very suddenly Sunday morning at her home on the Crumhorn. Although she had been in ill health, suffering with heart trouble for a number of years, she had been improving for the past few weeks and her condition was thought to be very satisfactory. Prayer services will be held at the late home Tuesday noon and the body taken to West Davenport for the funeral, which will take place at 2 o'clock in the Methodist church, of which Mrs. Hamm was a devoted member. Rev. L. A. Dykeman of Worcester is expected to officiate.

In the death of Mrs. Hamm, Maryland loses one of its most respected residents. She was a woman with many virtues and with a willing heart and hand, always ready to help in the time of need. She will be sadly missed in the home and community alike.

Mrs. Hamm is survived by her husband and one daughter, Mrs. Ira C. Cole of 10 Birch street, Oneonta, also one grandson, Charles Cole, and a brother, William Kathorne of West Davenport. Much sympathy is extended to the bereaved relatives.

## OBITUARY.

### Dorothy Loudon Grant.

Dorothy C. Loudon, daughter of Mr. and Mrs. Eugene Loudon of 12 Columbia street and wife of Edward Grant, whose death at her home at 275 Chestnut street Saturday evening last was noticed briefly in The Star yesterday, was a native of the town of Middlefield, but had resided also at Westford and Milford at which latter place she attended the high school and was well known. She moved to Oneonta about six years ago, since which time she has made her home here. She married Edward Grant of this city.

In 1915 she suffered an attack of influenza, from which she never fully recovered, the disease drifting into tuberculosis, which caused her death at the age of 27 years. She was a member of the Lutheran church and was esteemed by all who knew her. The funeral services are to be held from the home at 275 Chestnut street on Tuesday at 2 p. m. Her pastor, Rev. P. M. Luther, is to officiate and interment will be made at the Plains cemetery. She is survived by her husband, her parents named above, by four sisters, Mary, the wife of V. Hughes of Worcester, Florence, residing at home and an employee of the Wilbur National bank, Edna, the wife of Roscoe Burdick, also of Oneonta, and Helen, residing at home; also by one brother, Paul Loudon, who, too, resides here.

## ACHING JOINTS AND SORE MUSCLES ARE SIGNALS OF DANGER

Don't Let Rheumatism Strengthen Its Grip On You—Fight It With Goldline No. 2

If you were standing on a railroad track and saw a train approaching, would you remain there without making any effort to escape death or lifelong injury? Of course, you wouldn't. But are you fighting death or lifelong invalidism by refusing to get out of the way of something just as terrible and destructive as the train—rheumatism?

If your joints are aching, if your muscles are sore and stiff, you are getting just as much warning as the engineer gives when he toots the whistle of his train. These aches and pains are signals of rheumatism and signals of real danger, for rheumatism, if allowed to spread through the system without opposition, can cause untold harm in your system and if let go long enough would result in death.

Who will you choose? Will you stay on the track, will you continue to suffer and let your body become more and more crippled without making any effort to save yourself? Or will you do as thousands of others have done, use Goldline No. 2 and win a winning battle against the disease that will cripple you and maybe make you a lifelong invalid? Goldline is sold in your city at Glade's Drug store.

## MRS. SUSAN M. RYNDES.

Venerable and Beloved Resident of South Side Dies Monday.

Susan Maria Conklin, widow of James Ryndes sr., died at 2:25 o'clock Monday afternoon at the home of her son, James, on South Side. She had been in failing health from rheumatism for the past year, but the immediate cause of her death was heart disease. The funeral services will be held at her late home at 18:30 o'clock Thursday morning. Dr. Farley will officiate and interment will be in the Oneonta Plains cemetery.

Mrs. Ryndes, whose maiden name was Susan Maria Conklin, was born May 15, 1836, in the town of Conklin, Broome county, and was a descendant of the family of early settlers for whom the township was named. Her husband, who was a soldier of the Civil war, died in the service, and for the past 48 years she had resided in Oneonta township with the son above named. She was a woman of most engaging personality, a loving mother and friend, and a kind neighbor. Great as were her sufferings during the past year, she bore them with fortitude, and to the last kept her wonted serenity of spirit. Her life was an inspiration to all who knew her, and in her demise the family will have the sympathy of many friends.

The deceased is survived by two sons, James, above named, and Charles, both of South Side; also by two grandsons, Charles J. of South Side, and Herbert of 72 Ford avenue. Many nephews and nieces also survive her.

Sherwood Funeral Thursday.

The funeral of Edna Frances Decker, wife of Paul R. Sherwood, whose death at the Fox Memorial hospital on Sunday evening at 7:30 was noted in yesterday's Star, will be held from the home of her mother, Mrs. F. Belle Decker, 72 Clinton street, Thursday afternoon at 2 o'clock. Rev. Dr. E. J. Farley will officiate and burial will be at the Plains cemetery. Besides her parents, Mrs. Sherwood is survived by one brother, Walter L. Decker of the U. S. navy sub-base at New London, Conn. and two sisters, Mrs. Sylvia I. Merck and Miss Ida Belle Decker. The family formerly resided at Bloomfield.
